

FINANCIAL NOTES.

Last Week's Clearings of the New Haven Banks—Much Larger Than in '94 and '93.—New Haven Corporation—Various Dividends—Street Railway Earnings—New Haven Street Railway.

The clearings for the New Haven banks, although not as large as in the past week, are considerably in excess of last year and still greater than those of the corresponding week of 1893. The clearings and balances by days are as follows:

	1895.	Balances.	1894.
Oct. 7.	\$354,076.25	\$56,200.72	\$318,796.61
Oct. 8.	335,185.45	53,923.27	271,262.17
Oct. 9.	370,892.09	65,453.76	262,094.57
Oct. 10.	373,748.21	57,061.26	287,788.39
Oct. 11.	370,236.19	107,707.60	260,528.59
Oct. 12.	232,955.02	53,684.01	233,444.82

\$1,897,083.70 \$292,821.31 \$1,570,763.78
Increase week of 1895, \$326,314.92.
Balances week of 1894, \$395,970.74.
Decrease balance week of 1894, \$3,109.43.

Clearings week of 1893, \$1,409,300.23.
Clearings week of 1892, \$1,690,912.87.

A considerable portion of this increase is of course caused by the checks of the local banks passed into the treasury of the New York, New Haven and Hartford Railroad company.

On Friday the New Haven County bank paid its usual semi-annual dividend of 4 1/2 per cent. On Tuesday next the Bridgeport Electric Light company will pay the usual quarterly dividend of 2 per cent. The New Haven Electric Light company will pay the same rate. Checks for the Boston Electric Light company dividend will be sent out that date at the rate of 2 per cent, quarterly. Consolidated Electric Light company of Portland, whose stock is largely held here, will pay at that date 1 1/2 per cent, this being a quarterly dividend. The New York Central and Hudson River railroad will pay on the 15th the usual quarterly dividend of 1 1/4 per cent. At the same date New York and New Jersey Telephone company will pay a quarterly dividend of 1 1/2 per cent. The stock of this company has been selling from par, at which it was quoted last spring, to 118, and which is the quotation to-day, the expectation being that the company will soon declare a larger dividend. Last year it paid regular dividends of 6 per cent, and in January last an extra dividend of 1/2 per cent. In April it paid 1 1/2 per cent, and in July 1 1/4 per cent. On October 15 New York and Pennsylvania Telephone company will pay a quarterly dividend of 1 1/4 per cent. This company is slowly improving its plant and business. Southern New England Telephone company will pay at this date, as we understand, a quarterly dividend of 1 1/2 per cent. The stock of this company has been in demand for the past six months at a slightly advancing price, none being offered during the past week at less than par. Procter & Gamble company will pay a quarterly dividend of 2 per cent, on October 15. The same date Western Union Telegraph company will send out checks for a quarterly dividend of 1 1/4 per cent, also the American Bell Telephone company checks for a dividend of 3 per cent for the past quarter. On October 15 also the transfer books of the American Tobacco company will close for a quarterly dividend of 3 per cent, on the common stock and 2 per cent, on the preferred. Transfer books of the United New Jersey Railroad and Canal company opened on Saturday for retransfer of stock.

The New England Street Railway company has declared a quarterly dividend of 1 1/4 per cent, payable October 15. This is the third time the stock of the New Haven, West Haven and Winchester Avenue Railway company.

The new stock certificates of the New England railroad will be exchanged for the reorganization receipts on and after October 15.

On Wednesday next occurs the annual meeting of the New York, New Haven and Hartford Railroad company, to be held in the new building in this city at 12 o'clock. The annual reports have been in the hands of the stockholders for some days. One of the principal items of interest that may come up at the meeting will be what President Clark may have to say about the relation of his road to the reorganized New England road.

The second assessment of the Erie railway will be payable next Monday, October 22—\$2 per share on the preferred and \$3 per share on the common stock.

The trophies for the members of Yale's champion baseball team of last year, which have just arrived, consist of a golden belt buckled in a circle, about the size of a nickel, and containing a golden baseball pierced by a bat. Upon the rim of the belt are inscribed the words, "Baseball Championship won by Yale," and upon the other side of each one stands the name of an in-

THE SHAKERS DO THEIR DUTY.

"If a man discovers a valuable medicine," said Horace Greeley, "it is his duty to advertise it." "Yes," and at once, for suffering demands the speediest relief possible. But let the man first be sure. Suffering had better wait to be deluded by false hopes. Medicine, like surgery, must often seem cruel in order to be really kind.

On this principal the Shakers of Mt. Lebanon, N. Y., through their great indignation and dyspepsia remedy from the public for several years. With them right-doing is everything—Money, comparatively nothing. Hence the popularity and success of whatever they offer for sale. Having satisfied themselves of the merit of their medicine by employing it in the worst cases of digestive disorders in their own vicinity for years, they did their duty—they advertised it, under the name of the Shaker Digestive Cordial. In all cases where there is distress after eating, pain in the stomach, chest and back; aversion to food with the resulting symptoms, such as headache, furred tongue, eructation of gas, with weakness and loss of flesh, etc., the Cordial has a most happy effect. Being itself a digested food with power to digest other foods, it relieves the weak and possibly inflamed stomach of the labor it is in no condition to perform, gives new strength to the body and presently restores to the digestive organs their normal vigor. Taken immediately after eating, it relieves the fermentation of the food, which is the source of most of the afflictive symptoms which accompany dyspepsia. It is also as agreeable to the taste as it is potent as a medicine. To show their own confidence in it, and to hasten its universal adoption, the Shakers authorize druggists to sell trial bottles at the nominal price of ten cents.

A Brakeman Killed Instantly.

Salisbury, Oct. 12.—Samuel I. Citterer, a brakeman on the Philadelphia, Reading and New England railroad, was instantly killed at 9 o'clock last night on an east-bound freight passing through this place. Citterer was the only brakeman out, the others being in the caboose. He was making his way along the tops of the cars toward the caboose, when he fell between two cars. His body was horribly mangled, one foot being cut off. The member was found about ten rods from the body. Citterer was about thirty years of age. His home was in New Jersey, but of late he had been stopping in Hartford.

WOMAN'S SUFFERING.

RELIEVED BY MAIL. HOW IT IS DONE.

How a Woman Works for Her Sex.

Seated at her desk in the bureau of correspondence, this wonderful woman opens her letters from all parts of the world. A few extracts from their contents tell the story—

FROM IOWA. "I am in a very bad condition. My courses have stopped from catching cold, and the pain is fearful. I am all bloated up, and the pain in lower part of my body is terrible. My back and head ache all the time. What shall I do for it?" Miss J. Des Moines.

FROM NEW JERSEY. "Mrs. Lizzie DeClare, 224 Grand Street, Jersey City, relates her cure from severe menstrual troubles, from which she was relieved and cured by the timely use of Lydia E. Pinkham's Vegetable Compound. She ends her letter by saying, 'I owe all to you.'"

FROM OHIO. "Mrs. Newton Cobb, of Manchester, O., writes: 'I used eight bottles of your Vegetable Compound, and I am happy to say it has cured me of painful menstruations and backache. My suffering every month was dreadful. The doctors gave me morphine to ease the pain, but nothing would cure me. Oh, I want to tell every one what cured me! I wish every suffering woman would write and get your advice.'"

MISS JENNE. "Chicago, states that she is twenty-two years of age, occupation, saleswoman in large dry goods store. Constant standing has brought on womb trouble, the symptoms of which she describes fully. She says: 'Help me if you can. There are several girls here who have written to Mrs. Pinkham, and been cured by her advice and medicine.'"

MISS MARY SMYLY, who resides at 207 E. Susquehanna Avenue, Kensington, Phila., writes: "I am a working girl, and must stand eleven hours every day. I have suffered severely from painful menstruations and kidney trouble. At times my head was so dizzy I could hardly see. A friend recommended your Vegetable Compound. I am a different girl now; my office and pains. Oh, thank you, thank you!"

Another old woman who lived in a shoe. Taught her children the use of Le Page's Glue. It cured their feet, and saved them from strife. And they have always stuck to each other through life.

The above extracts from many hundred letters received daily by Mrs. Pinkham, at Lynn, Mass., go to show how easily ailing women can obtain advice and relief. Write to Mrs. Pinkham.
